The Power of the State to Fix Fares and Freight Charges on Railroads

The United States Supreme Court has recently rendered a decision on this question which is of such general and paramount importance that we have published a statement of its contents (see first page) in our paper. The question has been litigated in a number of the Western States, and it has been finally adjudicated by the Court of last resort in our govern-STATE CONVENTION. ment under an appeal from the U. S. District Court for Iowa. It will be seen and remain sitent, while we feel positively To be held Wednesday, Aug. 1, 1877 that the Supreme Court holds that railroad companies are carriers for hire, possessing extraordinary privileges that they they are engaged in public employment At a meeting of the Executive Committee affecting the public Interest they are subject to legislative control as to rates of fare

and frieght, unless protected by their charters. Whatever is granted in their charlegislative regulations on the subject the victory they had won. The Herald saw courts must decide what are reasonable the matter in a different light, and rates, as they do in the case of disputes chided us then as it does now. The following interesting narrative we extract from "The Religious History of Davis' Mississippi Brigade," by Rev. T. D. Witherspoon, D. D., which is now the quondam Chancery Clerk and editor and Postmaster J urneyed away where the against military intervention in one sec-

> With all our care it was not possible always to escape the observation of the enemy, and conduct our religious services with- The engineer, W. L. Needham, was killed ut attracting their fire. And when for any cause their guns were riously pened upon us, there was a very severe est of the soldierly qualities of the chaplain who happened to be conducting the service, His erect position, of course, exposed him far more than his congregation who were seated around him or lying on the ground. It was comparatively easy for them to listen while bomb-shells were exploding or whose names have been presented for gu- was no easy matter to carry on a train often on the lips, and ever in the hearts of figure which a man presents trying to make

I remember once having a very sore trial control the conduct of his law officers or impede the progress of justice, and he de- out the term, as the indications are strong showing for the morality of the negro and make the old capitol ring with wild It was a bright, beautiful Sabbath. I had enthusiasm, that name is E. C. Walthall. a very large congregation and the men Whenever and wherever it is mentioned sang with very great zest: indeed entirely too much for my good, for just as I had ta-I have not heard one voice to deny that for preeminent ability, spotless integrity and mortarshell. As usual the first shell passed a writ of the District Court of East Bale all the noble qualities essential to make up considerably beyond us and exploded at Rouge, charged with embezziement a lotty character, he is the peer of any man well that the wire but I knew very school funds, was to-day remanded to make in the State-whether as orator, statesman aim with every fire, and began to brace Burch sought release under a writ of He has not sought the nomination, but if myself for what was to come. There was habeas corpus, but failed, an interval of perhaps half a minute and York, was in the city yesterday afternoon, en route home from Mississippi. He speaks President Hayes interdicting public of- and will accept it. I am constrained to beficers from acting as chairmen or mem- lieve, that throughout the leagth and breadth range so well that the fragments of the exbers of political committees and conven- of the State, his acceptance will be hailed ploding shell plowed the ground all around bers of political committees and conventions has produced a good deal of trouble among the Republican politicians. They of the whole people.

The state, his acceptance will be halled us, one of them burying itself in a few feet of where I stood. The perspiration rolled of where I stood. The perspiration rolled of the whole people.

With the universal approbation by his party, and with the respect and confidence of them burying itself in a few feet of where I stood. The perspiration rolled of the whole people.

With the universal approbation by his party, and with the respect and confidence of them burying itself in a few feet of where I stood. The perspiration rolled of the whole people. ing would be attributed to heat and not to any undue excitement I saw the quizzleal look of the men while they watched me, as it is carried out. The idea that Radical beloved and honored by all who know him, much as to say, "Now, boys, we will see he will elevate the standard of official char- how he stands the fire." I had been in balf a dozen severe battles, but never found my nerves so tried in any of them as at this time. I braced myself, went forward manfully with the sermon though I saw the white cap above the distant gun which told me another missile was coming. On it sped and on I preached in very desperation, for I Death of Capt. H. G. D. Brown had no hearers. Every eye and ear was was bent in the direction of the unwelcome visitor, and when at length it burst right in our faces and scattered its fragments Gladstone—Doctor, your Longfellow is a great favorite here in England. I suppose you know him very well. Doc-J. Henri Burch, of Louisiana, is mal, no mistake. He's not running mal, no mistake. They've got in harmony. The Vice-President is reconstructed as not in accord with Mr. Haves in ported as not in accord with Mr. Haves in the likely to go the way of Cardozo, the fahim up there in Kentucky improving the both of speaker and hearers. The benedic-
